RNE 6 - Olmec Colossal Head 1

Geh... Again...
What the hell is this? It rubs me the wrong way.

...Huh ...?

U- UWAH

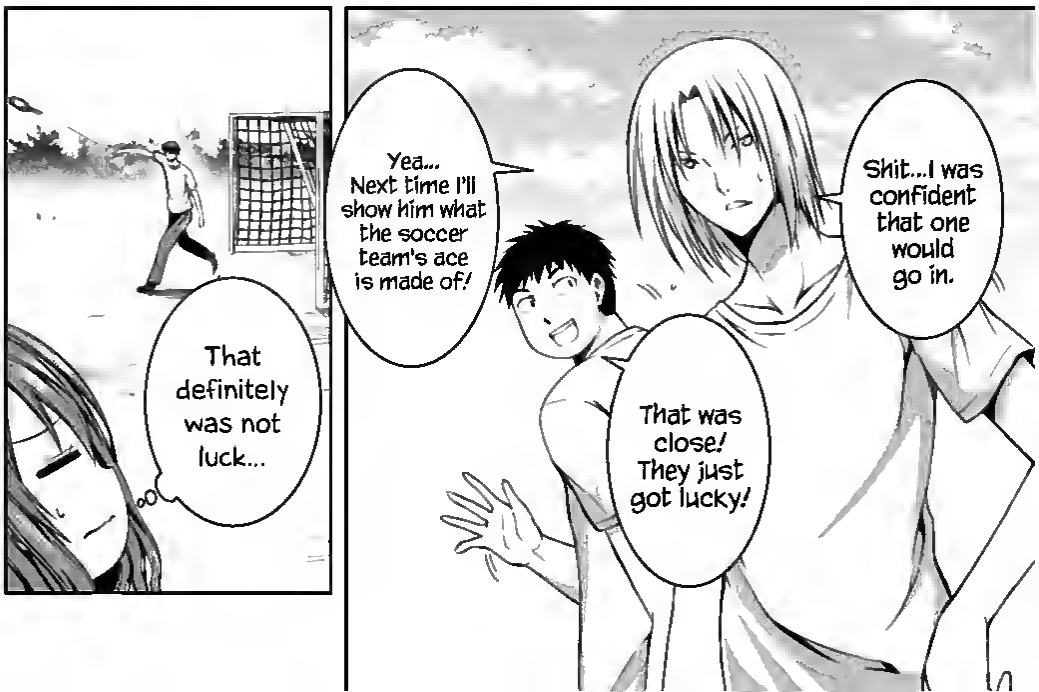
This place... is the same as before-
Ho... How the...?

Again ...!
Why ...!!
Why do I keep coming back to the same spot!?
ズンッ
ズンズンズンッ

Magallanica
UWAAAAAA!!

Fnyah-
The second semester just started and gym is already sooo tiring-
The guys are playing soccer.... hm?
It's coming your way! Yuuto!!
...His eyes aren't even open?
Ah... It's Kagimoto?
Is he the keeper?

!?



That definitely was not luck...
Yea... Next time I'll show him what the soccer team's ace is made of!
That was close! They just got lucky!
Shit...I was confident that one would go in.

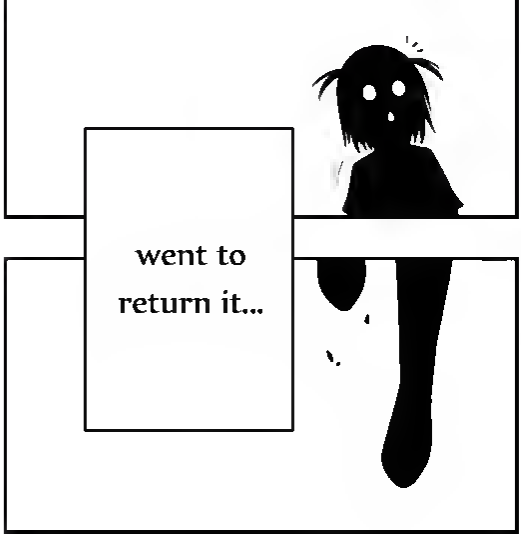
Kagi-mori...
I've been hanging out with him since summer break...
Eh... there was nothing?
You guys are too sneaky...
There was nothing out of the ordinary
We searched every inch of your body but...
Master was there and he scrutinized you and with my scanning capabilities
Um...? Acasia-chan?
All we found was that your huge breasts are still growing... I felt so jealous that I could have killed you

わさわさ
Yeah... I searched every inch of her body by hand, but I couldn't find any D-parts.
You were searching me when you did that?
Well, I won't deny that I enjoyed it...
And they sure were huge.
Yayako-senpai's are much bigger!
.....Then is it purely coincidence she keeps getting caught up in these incidents?
Master does not think so.

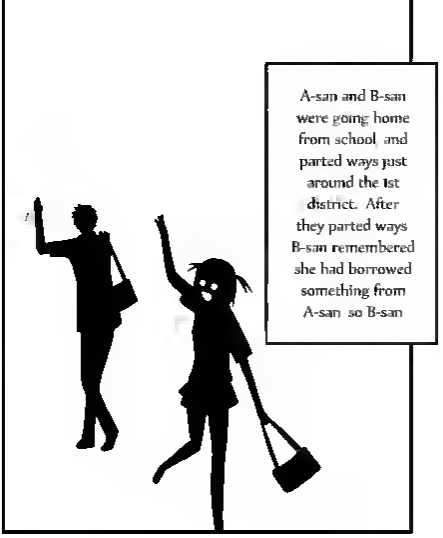
So Yuunagi! What do you think, Yuunagi?
Why don't we talk about it together? Let's do that!
Uummm ...
Yuunagi-chan too!? Just leave my breasts alone-!
.....Hana-senpai's breasts are drawing them in...or something?
-and shit... They're all so rude!
...It's probably all just coinci-dence.
Hana-cha-n!

What's wrong? You have such a serious look on your face.
Ami-chan, Tomo-chan... it's...it's nothing
Haha-n.
I know! it's about Kagimori isn't it?
That's not it! That guy!!
Life is short, so a girl's gotta love-
We can't let you out of our sight~
...This changes the topic but-... Hanahana, you live in the 1st district right?
Yea that's right. It's right by the school.

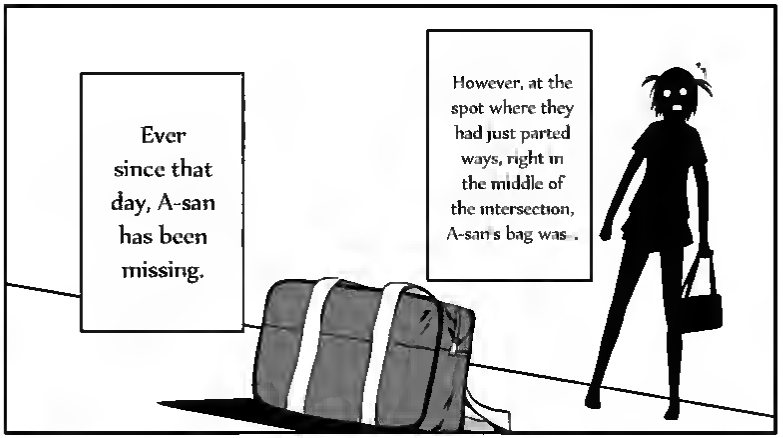
Did you know? Recently, around there...
a lot of students have gone missing around the Ayame-no-Mori city first district, according to a rumor
mi... missing? near my house?
...I feel a scary story coming.
That's right...
...It was around sunset...
Waaa! I don't wanna hear it!
Hana-chan sure is a scardy cat-



went to return it...

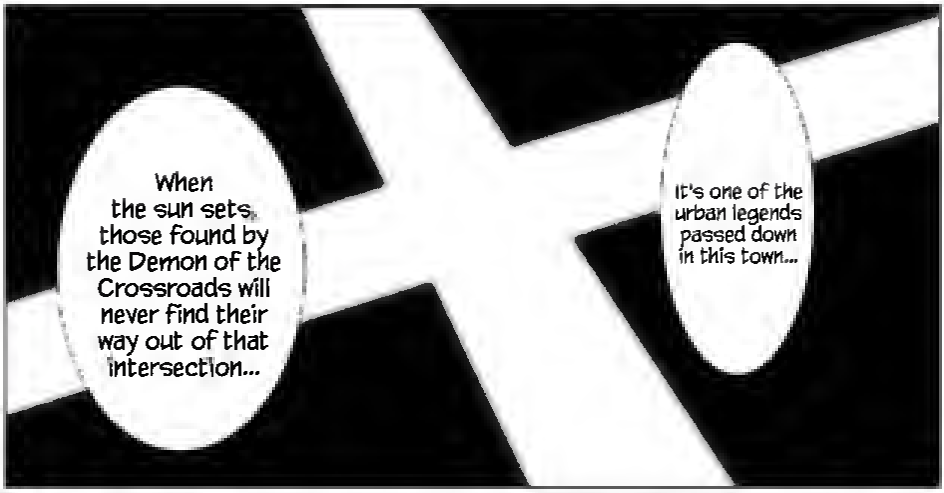


A-san and B-san were going home from school and parted ways just around the 1st district. After they parted ways B-san remembered she had borrowed something from A-san so B-san

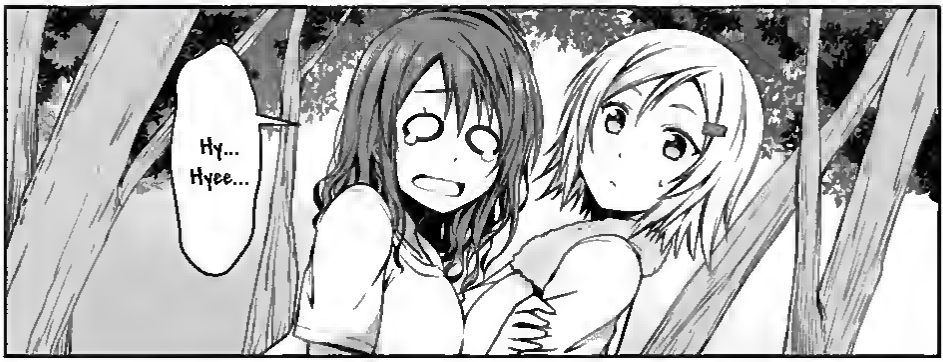


Ever since that day, A-san has been missing.
However, at the spot where they had just parted ways, right in the middle of the intersection, A-san's bag was.

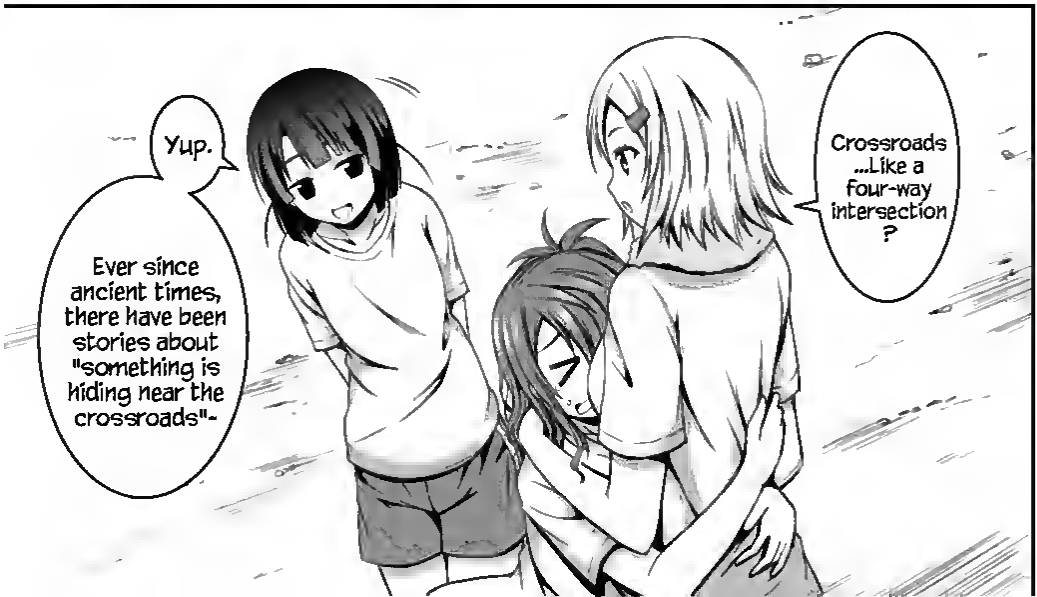
The... Demon of the Cross-roads...?
That's right...A-san was kidnapped by the "Demon of the Crossroads..."



It's one of the urban legends passed down in this town...
When the sun sets, those found by the Demon of the Crossroads will never find their way out of that intersection...



Hy... Hyee...

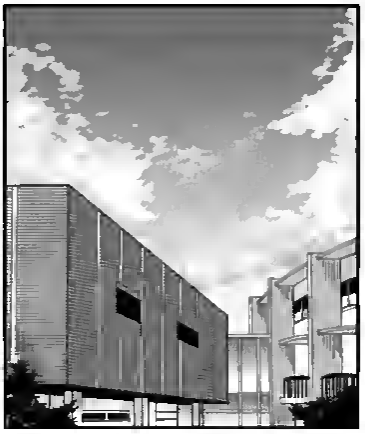


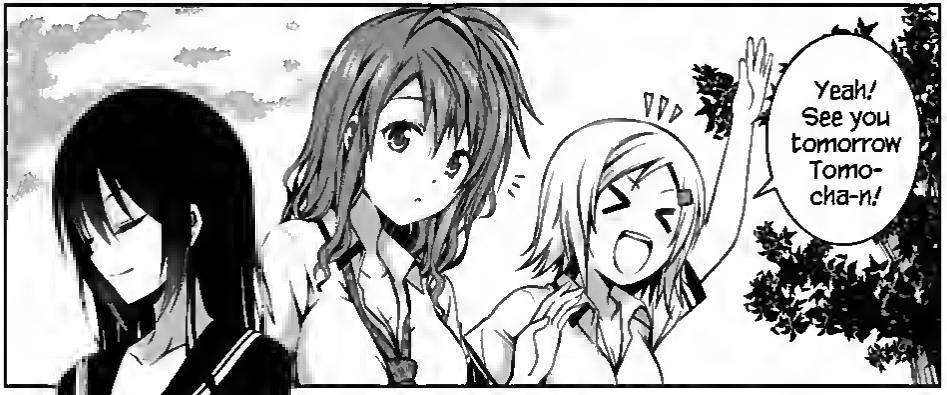
Crossroads ...Like a four-way intersection ?
Yup.
Ever since ancient times, there have been stories about "something is hiding near the crossroads"-

Aah- ...but aren't those stories talking about perverts?
Eh? Perverts ?
Isn't it hard to see around the corner at a four-way intersection? So the story is a warning saying it'll be dangerous if you're not paying attention.
Oooh yeah, that sounds right!
Things like demons aren't real!
Oh, but you're okay with perverts huh...

It doesn't happen that often!
キャー!
バーン
Yeah, I can totally see perverts going zwoosh! when they come up to Hana-chan.
...Also,
.....Yea ...like when it's spring or warmer out
It actually happens !?
What did you say!?
...pretty recently

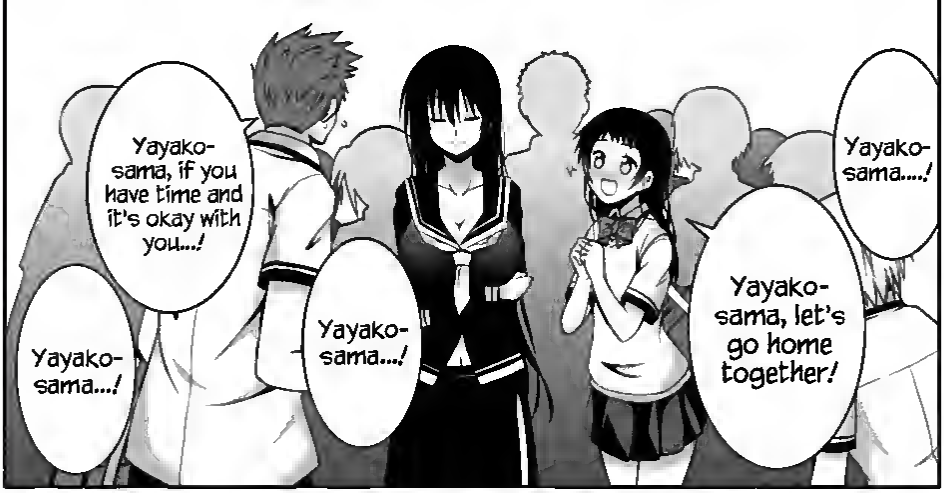
Well, I'm going home with Hana-chan!
Go straight home and don't take any detours - Either of you-





Yeah! See you tomorrow Tomo-cha-n!

ざわ
ざわ
Ah...It's Yayako-senpai.
Wow... there's such a big crowd by the gate...



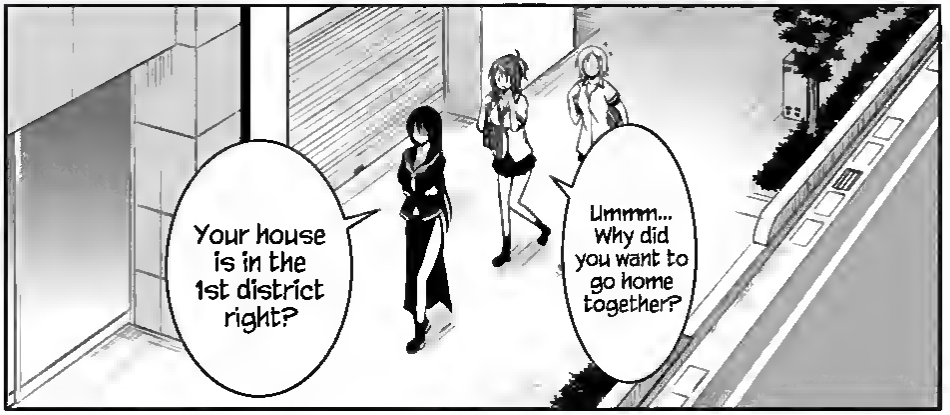
Yayako-sama, if you have time and it's okay with you...!
Yayako-sama...!
Yayako-sama...!
Yayako-sama....!
Yayako-sama, let's go home together!

Yayako-senpai really is popular...
Fwaa-...

Ara?
Sheesh! I'm telling you...!
Come to think of it, she has the same last name as your beloved Kagimori. I wonder if they're related?

Hana... I've been waiting for you.
Shall we go home together?
EEEH !?
U...Um... Yayako-sama?
What about us...?
I'm going home with Hana.
...is that okay?
Ye... Yeesh... ♥

Such good children.
Yes!
ビッ!
Well then, everyone, see you tomorrow.
Uh... haa...
Let's go. You too, over there.
Ah! Weell duuring summer break, a loot happenned... I think?
When did you become friends with one of Ayame-no-Mori High's, super models, Yayako-senpai?
Wait, wait, Hana-chan!



Your house is in the 1st district right?
Ummm... Why did you want to go home together?

Ah!
Near my house... escorting ...

So I'm escorting you just in case.

Who knows?
What do you mean who knows...

Is that actually... really...?

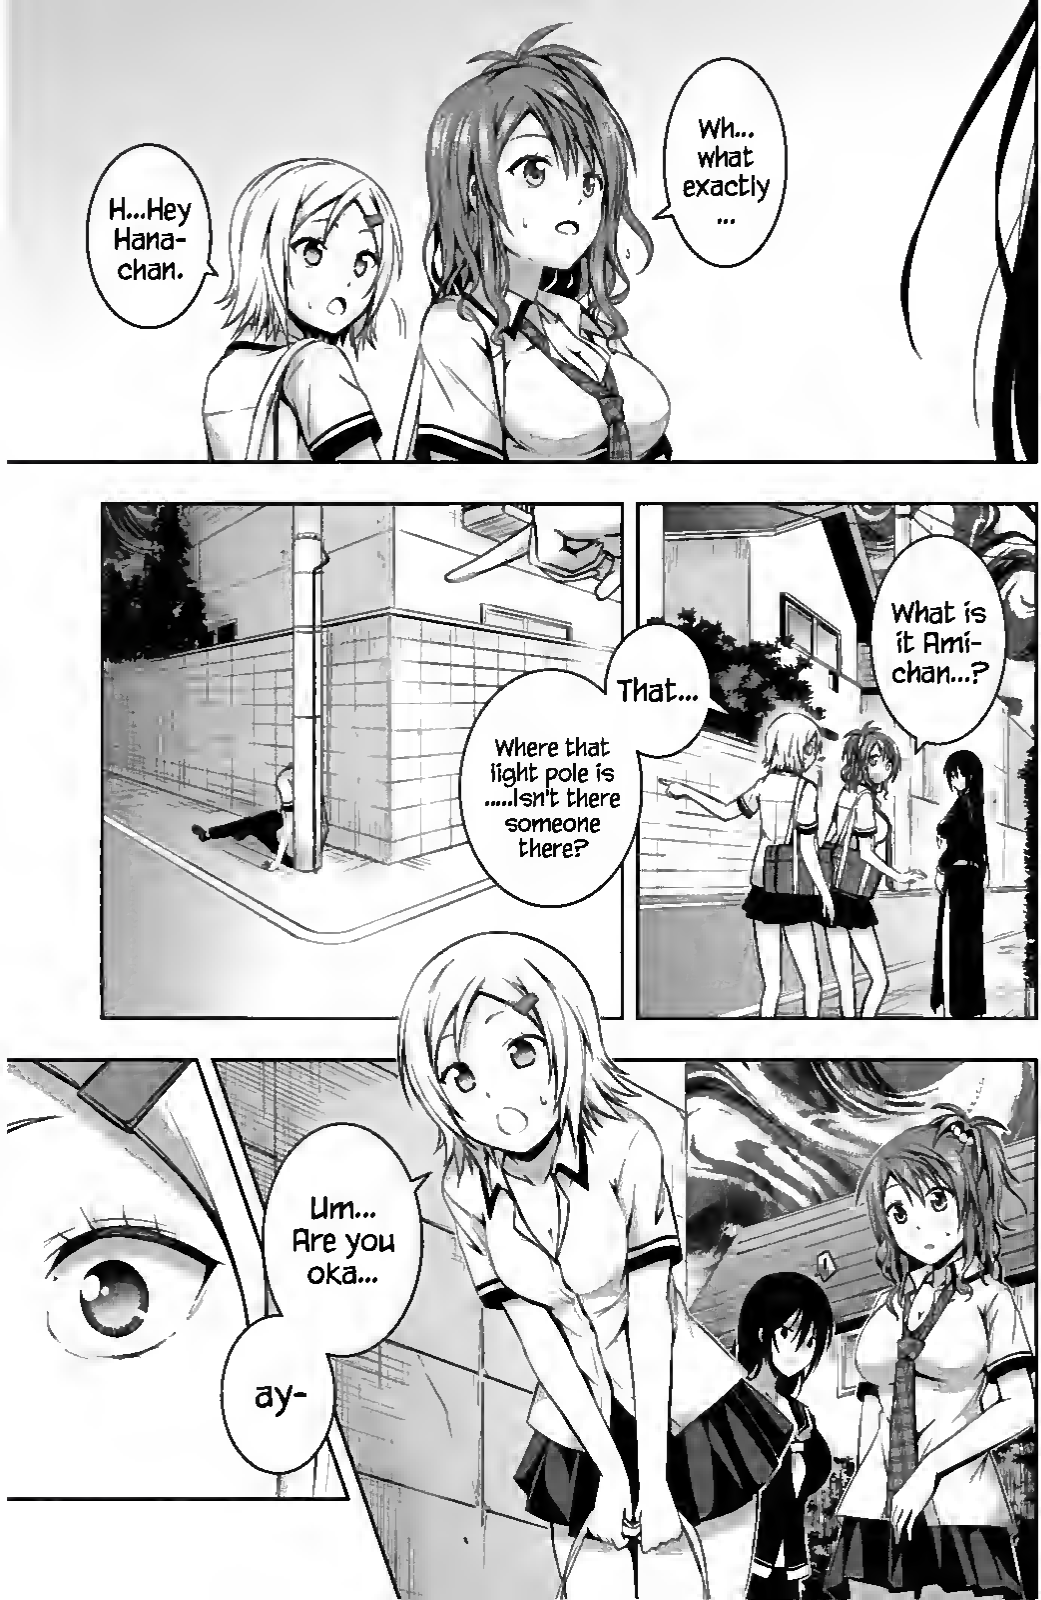
The "Demon of the Crossroads" urban legend .....!

Ever since summer break ended, almost as if people are remembering an old story, that urban legend suddenly became popular.
Even I don't know how true those stories are.
How-ever,
Be it an urban legend, an ancient legend, or folklore...
They all contain some sort of truth.
Ghosts exist in this world.

Kagimori Yayako-senpai...This person is also really intriguing...
She says she was enemies with Rokagimori, but they live together now... In the end, what's their relationship?
And not just senpai, but Aoisia-chan and Yuunagi-chan also...
Nonono.....It's not that I'm curious about that pervert...
?
Hana
You don't need to pop into my head!

N...No. Hey senpai, were you leading the way without knowing where to go?
...How rude, I wouldn't do that.
...Is this the right way to your house?
Eh?
That's... pretty cute actually ...
Maybe Yayako-senpai is really bad with directions ?
I can hear you two.
Ara?
I wonder if this is the rumored intersection.
If you turn right, then it's right there.

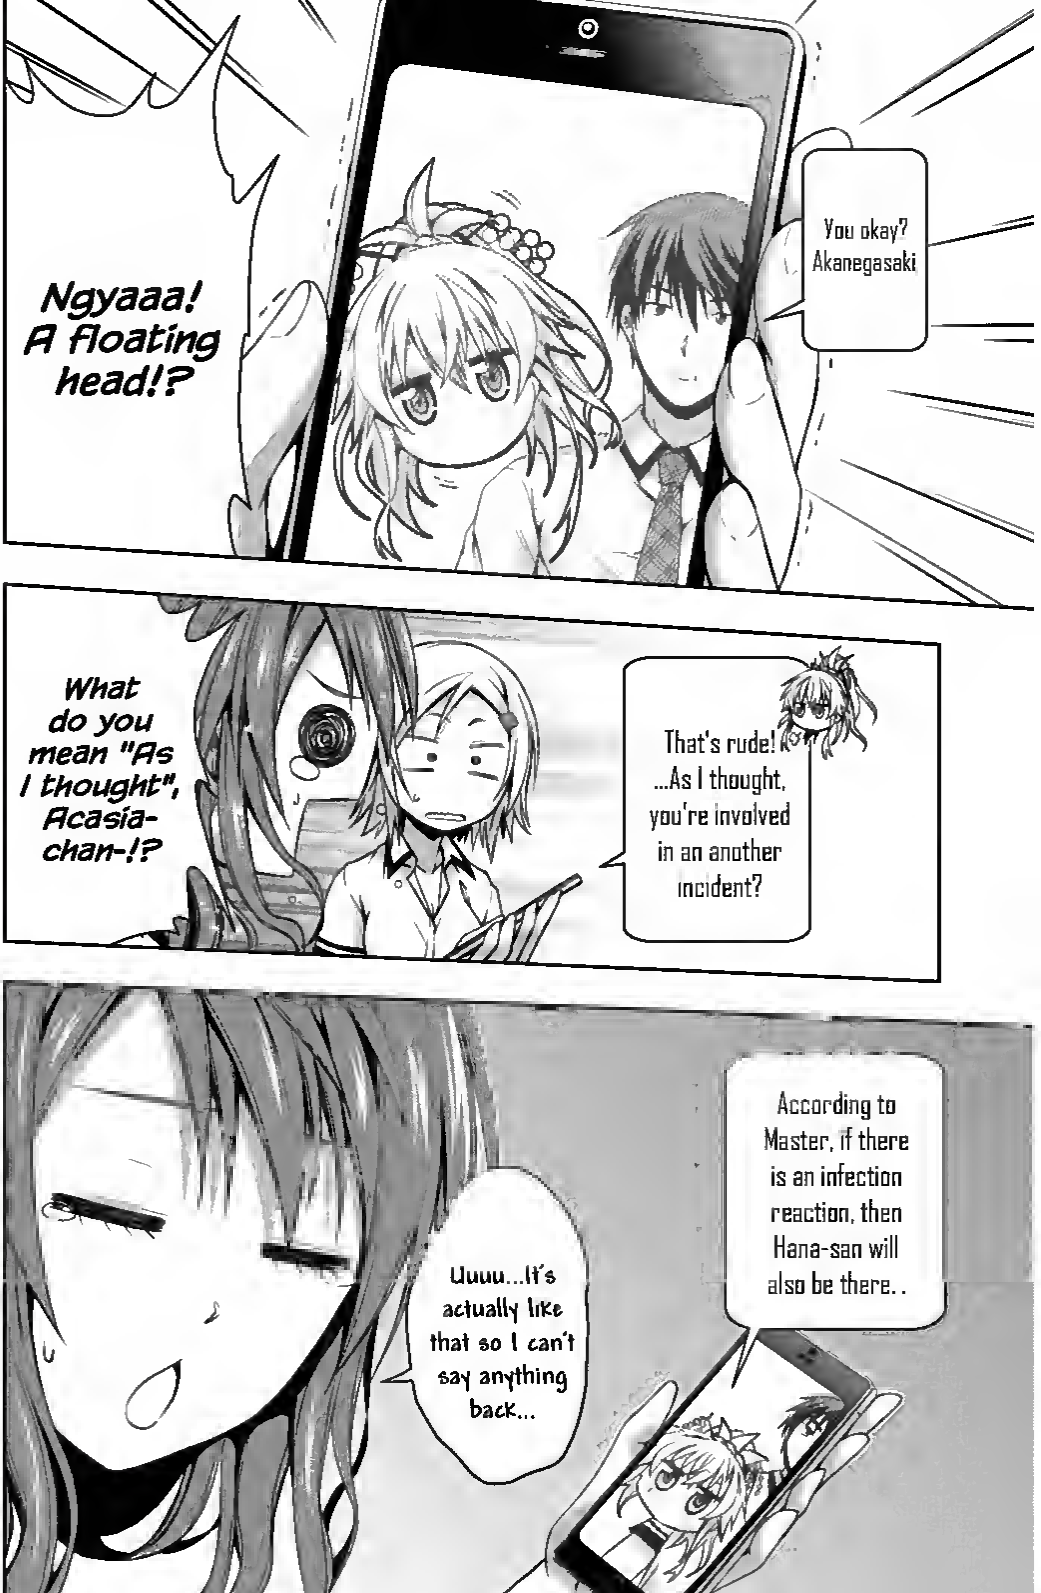
Yayako-senpai...?
Well that was careless of me.



H...Hey Hana-chan.
Wh... what exactly ...
Where that light pole is .....Isn't there someone there?
That...
What is it Ami-chan...?
Um... Are you oka...
ay-

Kyaaaaaaa!!
H-H-H... Head! There's no head!

Infection reaction... As I thought.
Ya... Yayako-senpai?
Fall back...
Yes...
In... Infection...? That's...
It's obviously a Red Night Eve.
A...phone call? At...At a time like this, who would...
Hyawaa!?
ピロリロリロリン



Ngyaaa! A floating head!?
You okay? Akanegasaki
What do you mean "As I thought", Acasia-chan-!?
That's rude! ...As I thought, you're involved in an another incident?
Uuuu...It's actually like that so I can't say anything back...
According to Master, if there is an infection reaction, then Hana-san will also be there..

Master, I've detected a large radius infection reaction.
Ka... Kagimori, Wha, wha... What do I do!?
Calm down.. It seems Miyanagi is with you.
In addition, aside from the electromagnetic waves from this phone, we cannot interact with the infected area.
A High Carrier's "Hunting ground" huh.
What kind of situation is it over there?
Yuuto.
Y...Yeah, listen! There's a dead body without a head!

...His body was still living.
We should look at it as if only the head was infected.
Only the head...?
...I understand, please be careful Yayako-senpai.
Listen Akane-gasaki,
Ye.. Yes!
You and Miyanagi, listen to everything Yayako-senpai says.
I'll come and save you with Yuunagi, so until then-
Ka...Kagimori!? Acasia-chan!!
He got cut off right in the middle!?
He... Hey ...!

What exactly is-
Eh...the ground rumbled ...?
An earthquake at a time like this
A... Again!?
Eh?
...You guys, be careful.
Megallanica Megallanica-

Megallanica
Kyaaaaaa!?
Hurry and run, both of you!
Y... Yes!

This is troubi-ing...
Alrighty... So now what should I do?
Awawa what is that what is that!?
I don't knooow! But for now, let's run as far as we can...
Eh!?

You guys, I thought you ran...
Ya... Yayako-senpai!?

Bu... But but, senpai you can do something about this right!?
Like that time with the shark
I see... This is the "Demon of the Cross-roads"

My powers are sealed in here.
I want to be able to but.
